### Target Market

---

Customers in the target market are customers who want to:

- finance the acquisition of residential property to live in or for investment purposes;
- have <20% deposit in either cash or other eligible security to put towards the purchase.
- use the personal guarantee of an immediate family member(s) who can provide eligible security up to a specific amount to reduce the loan to value ratio;
- mortgage the property by way of security;
- borrow between \$50,000 and \$2,000,000;
- repay the loan over a term of between 5 and 30 years by making principal and interest repayments;
- have the loan interest rate variable or fixed or a combination of both, and
- borrow not more than 110% of the value of the property.

Customers must be 18 years of age or over.

Customers may have already owned real property and obtained a home loan, or may be buying a property and obtaining a home loan for the first time. Customers will therefore have differing levels of knowledge and experience with home loans including, potentially, very little or no such experience.

Customers are not in the target market if they:

- have >20% deposit in either cash or other eligible security that they can contribute towards the purchase; or
- do not have an immediate family member who can provide a personal guarantee by way of eligible security.

### Distribution Conditions

---

The Product may be advertised by us on our website, in our branches and through various media channels including online.

The Product can be distributed direct to customers by those members of our staff who are trained as home loan lenders and by mortgage brokers accredited by us.

Distribution will only occur after the customer's eligibility for the product has been determined.

## Review Triggers

---

The following review triggers apply for this Product:

- Material changes to the Product terms and conditions, other than changes to variable interest rates and consequential changes to repayments.
- Number of customer complaints alleging that the loan product was unsuitable for the customer because of the product features or terms.
- Default rates on active loans of this type at the end of any 6 month period.

## Review Period

---

An initial review of this Target Market Determination will occur within 12 months.

This Target Market Determination is then to be reviewed at least every 12 months.

The Product Manager is responsible for overseeing the completion of the review prior to the end of each review period.
