Target Market

Customers in the target market are customers who want to:

- finance the acquisition of residential property to live in or for investment purposes (or to refinance other finance that has been provided for such a purpose);
- mortgage the property by way of security;
- borrow between \$150,000 and \$2,000,000;
- repay the loan over a term of between 5 and 30 years by making principal and interest repayments;
- have the loan interest rate variable, and
- borrow not more than 90% of the value of the property.

Customers must be willing to have no mortgage offset deposit account linked to the loan.

Customers must be 18 years of age or over.

Customers may have already owned real property and obtained a home loan, or may be buying a property and obtaining a home loan for the first time. Customers will therefore have differing levels of knowledge and experience with home loans including, potentially, very little or no such experience.

Customers are not in the target market if they:

- want a bridging finance loan, a loan to finance construction, or a loan to finance the acquisition of a property to which some special acquisition scheme, such as the ACT land rent scheme, applies;
- would need to have a guarantee provided by others, such as parents, supported by separate security, to qualify for a loan;
- want to have a mortgage offset deposit account linked to the loan;
- wish to make interest only repayments; or
- want a fixed interest rate or a split loan option.

Distribution Conditions

The Product may be advertised by us on our website, in our branches and through various media channels including online.

The Product can be distributed direct to customers by those members of our staff who are trained as home loan lenders and by mortgage brokers accredited by us.

Distribution will only occur after the customer's eligibility for the product has been determined.
